“ Kenny Meade, (Scifi, as he likes to be called) is one of the gentles and kindness man I have ever met. I met Kenny over 25 years ago when I moved to Suisun. I didn't know anybody and was looking for a Sports Bar to frequent. I walked into Legends and Hero's and there he was , sitting in his stool on the end of his table with a pitcher of MGD with a cup of ice on top to keep it cold. He welcomed me to the bar and that was the start of a great friendship. From that day, he has always referred to me as “NASCAR”. We would hang out 4 to 5 days a week at the bar and he got to know my wife and all my kids. He would always brag that Josh was the first and only baby he ever held. When we decided to move closer to the Bay Area, he lets me, Lisa and the kids stay with him until we were able to move to the new house. Because of the distance, we didn't see each other as much but we always made it a point to celebrate his birthday with my step daughter who shared the same day. We met for opening football weekend and had a special sit for him in the corner for every Super Bowl cause he always rooted for the other team. We went to a few baseball games and family parties. He would always bring his “Space Ship” to take food home that Lisa would always make sure he had. He would call when something would happen in the sports world or something of interest to make sure I knew about it. One thing I will always appreciate is that he loved my family. Honest and genuine person. Scifi you are my only True Friend and My Brother from another. COVID cheated us from spending for time together but I appreciate your friendship, your honesty and your love. I miss you, miss your visits, your calls but will never forget you. Love you my Friend, My Brother.

Ken (Nascar)

“ We first met Kenny “Scifi” (that's his name we knew of him for years 😊) in I believe 1994. He met my husband Ken and became a friend me as well. He became a close friend, a part of our family, a brother and an older brother to our kids.

Thank you for joining us for Super Bowl, Bday parties, Wedding Anniversary. You don't like going anywhere that's why we appreciate you watching the kids baseball games, basketball games, soccer games, board games, you spent with us. Thank you!

December 9th will not be the same but we will continue to celebrate yours and my daughter Christina's Bday as we have every year.

We are blessed to have you cross our path and we will remember and cherish the moments we had with you. You will be missed dearly.
