“ I don't recall my age but I had to be less than 10. We discovered an abandoned bird's nest with a young hatchling. We secured it. I had to return home with my parents. Sharon assured me that they would care for it. At 10 years old that was very comforting. I would not have recalled that if I hadn't read Jim's post. That's a precious recall. I'm fortunate to have been touched by her that way. I'm pretty much sure that my mom Cleo & her shared some special moments back then also. I miss those times immensely. LOVE YOU ALL.

“ You've given us many great memories mom. My favorite, Christmas eve at your house with the kids. Your love of animals was special. They say you can tell the soul of a person by the way they treat animals. There's no doubt God blessed you with a kind soul. You'll be missed. Love, Jim

“ Sharon was actually born in Missouri come to find out, raised by her mother Leila Wooldridge and her aunt Jewel along with 22 in Wichita Kansas along with brothers Jerry and Bob. She became a dance instructor where she met her husband of 33 years and had two wonderful adorable children Kim and Darren. She traveled and moved from one coast to the other finally ending up in northern California where she spent her last 45 years of her life and bought their last house in 1989. At one point her and Don traveled to Egypt to explore the pyramids , she had a good life and was a wonderful caring mother and wife and will be loved and remembered by all her friends and family, LDB

“ *The loss of my mother is very hard on me as I've been taking care of her for years now after my father's death in 2012,, however I'm glad I got to be there for her and spend those years with her! We had our moments but what family doesn't! As a child we traveled and moved across the country extensively but you can bet if we were moving or just going camping in the Rockies there was ALWAYS a cooler full of sandwiches and sodas for us 😊 She was always there for me in times of trouble, she never gave up on me! Now of course I wished I hadn't ever caused her any problems! She was a story teller so I did learn about her youth and how she became a dance instructor, met and married my father, which lasted 53 years until his death in 2012. She loved animals, doing crafts and was always friendly to everyone! I'm glad she is not suffering anymore but I miss her dearly and probably always will! God bless her heart soul and spirit*** Darren Byrd*

My mom had a love for me that no one else would understand unless that have children. Never ending, always generous, loving tough when needed. She did care for more critters than a zoo. She had a few Good Friends. And I mean good friends. Mom was a wonderful wife too. I am going to miss her more so much it hurts. She was a best friend of mine. Kim Woodall and Family

Sharon and I have been friends since we met at Unity Church in WC during the Carol Knox era. She helped me with my home for at least a decade, and after she retired we stayed in touch by phone and letters. I'll always be grateful for her friendship, sense of humor, kindness, and love. Rest in peace, dear heart.

We are so very sorry for your loss. As a nephew, I was invited along on a few of Uncle Don's crazy adventure family vacations. Aunt Sharon always kept the adventures sane and organized. Also, I will never forget that they were great surrogate parents early in my life when I really needed it. With much love to you all!
