“ It is with great sadness I send my condolences to the family. Mary was a beautiful and loving woman. She not only made my father a happy man but she took care of him and became like a mother and grandmother to me and my kids. There is so many good things I can say about Mary but the things that come to mind right way is her one of a kind laugh that set off my Nana's clap on clap off light and the full on spread of food she would make for every occasion even Halloween!! Mary had a beautiful heart and became a significant person in my young children's lives. She loved my kids and was like a grandma to them and they loved her. I loved her very much because my father was going through one of the hardest times in his life she came along and truly made him happy and gave him his smile and spark back. I have thought about Mary very often throughout the years after my Pop died and always hoped she was happy and healthy. She will be missed greatly by all that knew her and loved her. Thank you Mary for all of who you were to my Pop and family. And May God comfort you Michelle Tanya, Sonia and grandkids especially. Live with the spunk and love for life your Mom had. I will truly miss her. God bless.

To the children of Mary: My name is Maria Tilcock (formerly Atalig). Mary was my classmate and we've connected out here. We have shared so much of our children's and grandchildren's life growing up and their accomplishments. I stop by her at her care home in Suisun to drop off the fetada that she's been craving for. It was a nice visit and said she really likes the facility. She and I would talk almost every week but as I have been having all kind of ailments I haven't had much time with phone communications. This morning tho she just came through my mind and thought I'll call her..I did call and the phone gave some number which I've hears before and also said phone no longer in service. Right away I thought maybe she's in the hospital. Then my mind suggest I check the obituary and there she was. I cried cause I didn't say goodbye neither seeing put to her resting place. She is in a better place than I am as I'm going through lots of medical issues but I pray that God would help each day while here on earth. To Mary's children and grandkids: You all have made your mother a very happy mother. My condolences to you all and May God Bless you. I remembered Dominick!! Take care.
