“ *Uncle Blink, I will forever cherish the memories we shared. Your presence was so important to our family. You brightened our days and made a difference in each of our lives, in ways that only you could. You supported me through every milestone and heartbreak, for that I am forever grateful. I remember your laugh, and I hope I never forget it. My heart is heavy, but I know, that one day I'll smile again at your jokes, or your " Hey Mona" remarks, and I'll smile when I recall all the times, we shared new music that the other found. I wish I had another chance to go fishing with you...had done it more. You will never be forgotten, you will live on through the love we share among each other, and I/we will Love you for always, Love and miss you Uncle Blink.*

“ Mr. Clark "Blink," you have consistently been a supportive uncle to your niece and nephew, and your presence will be deeply missed. For four decades, you have been there for my children and me, through both joyous and challenging moments. My nickname, Sarg, is a testament to your influence. You have always embodied strength and character. Through your difficult times and health challenges, you were adamant about facing adversity with courage and resolve. May you rest in peace.
