“ Man Tee I'll never forget you brother . Both born 10 years to the day. The first time we met you was staying at Ken's house . We pretty much hung out daily rolling around in the Vette. I remember the time you came to the house to eat for dinner and after we finished bread salad and spaghetti you asked me whens the main course coming . We had so many memories one in particular we was sitting in the car in front of Ken's house and you was telling me how you hadn't had a chance to met your granddaughter and how it was bothering you inside . I told you things will work out bro we just gotta start thinking positive and figure it out. Just a minute or so later your son comes to the car and you rolled down the window . He says your daughter is just a few cars back and your grand daughter is here to see you . We both instantly looked at eachother and yep I'm gonna say it we cried . Tears rolling down our face . You got to hold her . Or the time I didnt know you could sing and you sung the Somoan Wedding song and told me about Somoan culture and all its beauty. And remember I would always text you in Somaon and you would trip out all thanks to Google translate. You taught me so many things. My heart is broken right now but I know someday well meet again . . Man Big Dog we shared a more special moments like those . I know your in peace . I know that you had a big heart . I wish I had seen you recently when we were suppose to hang out but life kept it from happening. Dont be to hard on the chess players up there . I love you bro I will always remember you . Because of you I will go to Somoa someday andi will learn even more about the culture and the beautiful people who live there . You know my love for the islands .

Se'ia tatou toe feiloa'i. Ou te alofa ia te oe uso 🥺
