“Wow...as one year, July 16th approaches the one year anniversary of your passing, I must face the reality that you are not returning, and I won't see you or talk to you on this time side of life. There's not a day that goes by without me reminiscing of our childhood days and our adult memories. We continued to be close siblings in our adult years you were always my protector and I know that you still are, just from a far — IN HEAVEN.

His Journey's Just Begun

Don't think of him as gone away his journey's just begun life holds so many facets this earth is only one. Just think of him as resting from the sorrows and the tears in a place of warmth and comfort where there are no days and years. Think how he must be wishing that we could know today how nothing but our sadness can really pass away. And think of him as living in the hearts of those he touched... for nothing loved is ever lost and he was loved so much. By Ellen Brenneman.

Rest in Heaven, my Big Brother, "Boo", until I see you in the City of God! Love Lunie!
