“ My Trip to California was mainly for Ravi. He didn't answer my calls nor did he call me. This was unusual. I'm so sad and hurt. I'm questioning myself whether I was a good friend to him. He was an amazing friend and extremely supportive.. I know my life forward will never be the same. I wish to be more supportive as he was to to me ❤️👉. I'll forever love you.

“ Dear Ravi's Family, my name is Luz Maristela, I met Ravi over a decade ago from Westamerica Bank, he was full of potential, smart, kind hearted and generous. Ravi and I grew a special friendship, he never calls me by my name he calls me "Ate" a respect for older sister. For over a decade he was my go to person when I need to book a hotel. He was a very gentle man who puts other people first. This is why it's so hard for me to believed that he was gone. There is no words to expressed how much sadness I feel in my heart. I feel like loosing a baby brother. Please accept my deepest condolence to the family.

Love and Prayers:
Luz (707) 235-2580
