“ I worked with Bob at the Asphalt Plant at Chevron. He was a good, kind man. He treated me good when others didn't because I was a woman in a predominantly male job. My husband James, (God rest his soul), attended several functions at Bob & Louise's place, way back on James Street in Fairfield. Bob will be truly missed. Look up James up there Bob & have some laughs. Luv u Bob & Louise.

“ I remember when I was no more than four years old and my Grandad called, we were in San Bernardino on 9th street, and my Mom told him how I had learned how to read early. He was so proud, he taught me his phone number right there over the phone (7074281188) and he told me "if you remember that phone number, when I come see you, I have a great big surprise for you."
I remember when he showed up, he had a big Toys r us bag with him, so I started screaming and jumping up and down and it made him crack up laughing. When he finally calmed me down, I recited his phone number to him and I have never forgotten the look of pride and admiration on his face in that moment, just like I never forgot that phone number. I love you Grandad, you will forever be my hero

“ My dad was a loving and supportive man. We didn't always see eye to eye on everything, but he always wanted the best for us, and I knew he loved us. Dad had a great sense of humor, always had jokes and funny comments and enjoyed laughing with us. Moving forward in life without visiting, texting and talking with you will be the toughest path forward I'll have to walk. I know you were a believer, and I will see you again and what glorious day that will be. I'm praying for our family during this difficult time. I love you forever daddy, my hero.

Love you, your Brina, your Brini

*My Sister Sharon and I will sorely miss our Brother Bobby. He was witty, smart, and generous. He and I shared the love of the song, Play That Funky Music White Boy. I remember calling one day, and he was playing the gospel, I won't Complain. We shared memories of times visiting with Cousins in Mansfield, Ohio, and visiting with our Cousins in Wheeling, WV.
We love You Bobby, and will never forget You! Rest now, we'll see You again. Sister Carol Ann Savage Simmons*

Grandpa always had the coolest gadgets and newest movies. I was always so excited to see what cool new things he had. I also loved spending time with him out on the boat. He was always there for us and will truly be missed.
