“ Vanessa,

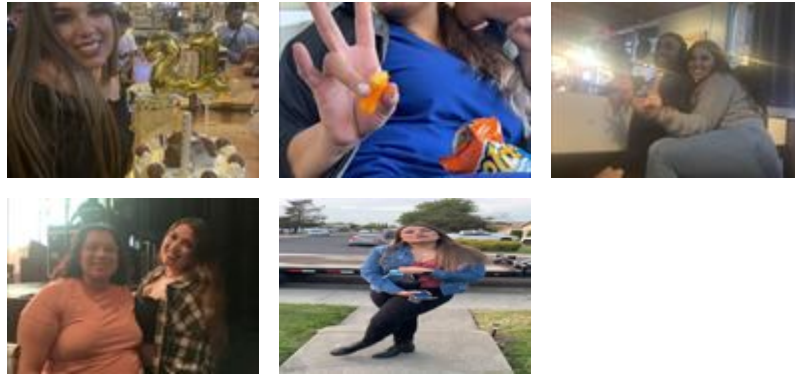

I don't even know where to begin dude. You have always been such a huge part of my life and always will be. So many memories from prom, birthdays, graduations we shared and I will always hold near my heart. Anyone can agree when I say that with just your presence you just lit up the room with your smile and laughter and that I will never forget. You were always such a huge part of my family from coming over to birthdays to being there when I got the call about my dad. You were the first person I told about my pregnancy, you were there when my dad passed and needless to say you were there when I needed you and now I'm here with your family doing the same you did for me. I could write a whole book about you and our memories we have and all I know is that dude you are going to be missed but everyone who got the pleasure to meet you. I love you Vanessa and I miss you 🕊️💚

“ Do you remember the day we met? I do. It was at Armijo, Victor introduced us. You used to light up a room when you walked in. I would've never guessed that we would become such great friends. I remember you being there the day of my wedding. You were my biggest cheerleader. Thank you for the laughs, the cries and all the good times. You were the first person to know I was pregnant. I love you for that. Thank you for everything, until we meet again, I love you and miss you forever miss girl 💕👉💕👉
