“ I haven't worked william for very long but he was always helpful and kind and one of the hardest workers I have ever know. My condolences to his family. He was a good man and will be sorely missed on the engineering crew.

“ William was a blessing to see so often walking the halls of the Federal building. He was definitely a wonderful warm person with the willingness to help all in need. He is the only VA employee that I personally thanked for their service and also notified his management of his greatness. I am sure his family will miss him a lot but I am sure the Lord God will bring comfort to you all, just knowing he is in good care. Much too little time on this earth. I am truly saddened. God Bless

“ As many others noted, William was always so friendly. His smile & greeting lightened my day. I'm sad that, given COVID, I haven't seen him in 10 months, and that I'll not see him again. When life returns to normal & we work in the office again his warmth will be missed. He was a great, gentle man who made a difference. My condolences to his loved & loving ones.

“ My heart goes out to the family because I know his passing hurt deeply. Wil's spirit and energy was so uplifting. I mean, every time we passed each other in the basement, roaming the halls, on the elevator or at the bus stop, he had a warm smile and kind greeting for me. He will be missed!

“ William was one of the kindest people I have known. He also had a "Hello" and a smile on his face. He greeted each day with joy and was a pleasure to work with. I worked with William for approximately seven years. Whenever, I came to the Dellums building, and I ran into him, he continued to remember me and was always so kind. He took pride in his work and was an extremely hard worker. He cared so much about the people in the Dellums building. Such a good person and he will be missed greatly. Dellums will not be the same without him.

“ I'm so sorry to hear of William's passing. He had a kind heart. I worked with him for around 7 years. I know he will be missed greatly at that building. He touched many people's lives. He was always friendly, helpful, genuine and had a good sense of humor. Not that I need to tell anyone who knew him, but he was a good man. I'm sorry for your family's loss.

On my first day of work back in 2010, a warm, kind man identified me quickly as someone who had just started and approached me. He introduced himself with a smile and a warm handshake. From then on, he would say hello every time we ran into each other at the Oakland Federal Building. I looked forward to our interactions every day. He did the same with everyone he walked by. The lord sends angels our way to teach us the right way to do things. William was a warm, loving, genuine person that I will always remember as an example of how to live this life and treat others day in and day out. I will miss him dearly.
